EDUCATION

Army Institute of Technology, Pune

Bachelor of Engineering in Information Technology

Aug 2023 – Jun 2027

CGPA: **9.16**

Deepak Public sen. sec. School, Shyampura Mainana

Secondary (CBSE)

2019 – 2020

83.50%

Deepak Public sen. sec. School, Shyampura Mainana

Senior Secondary (CBSE)

2021 – 2022

89.80%

PROJECTS

Swap Mart – Inter-college E-commerce Website (Django, SQLite3)

Dec 2023 – Jul 2024

- Developed a **Django-based e-commerce web application (SwapMart)** enabling students to buy and sell used books within their campus community.
- Implemented **CRUD functionality** allowing sellers to add, edit, and delete book listings along with contact information.
- Designed **search and filtering features** to help buyers quickly find books based on title, subject, or category.
- Integrated **SQLite3 database** with Django ORM for efficient data storage and retrieval.
- Built a **responsive user interface** using HTML, CSS, and JavaScript to enhance user experience.
- Handled **form validation and server-side logic** to ensure secure and reliable data management.

PBL Central Platform – Project Showcase Website (Django, SQLite3)

May 2024 – Nov 2025

- Developed a **Django-based PBL Central Platform** to showcase Project-Based Learning (PBL) projects across multiple departments and academic years.
- Implemented **role-based access control** allowing students to add projects, faculty to edit department-specific projects, and guests to view content only.
- Designed a structured **relational database using SQLite3** to manage departments, batches, classes, and project metadata efficiently.
- Built features for **project submission, viewing, and categorization** including project descriptions, videos, and related details.
- Created a **responsive and user-friendly interface** using HTML, CSS, and JavaScript for seamless navigation.
- Ensured **secure backend logic and data validation** using Django views, models, and forms.

ACHIEVEMENTS

- Secured **2nd position** in an **inter-college Project-Based Learning (PBL) competition**.
- Achieved **3rd position** in an **inter-college Project-Based Learning (PBL) competition**.

TECHNICAL SKILLS

- **Backend:** Java, Spring Boot, REST APIs, Spring MVC, Hibernate, JPA
- **Frontend:** HTML5, CSS3, JavaScript, Bootstrap
- **Databases:** SQLite3, MySQL
- **Languages:** Java, Python, C++, JavaScript, SQL
- **Tools:** Git, GitHub, VS Code, Jupyter Notebook
- **Problem Solving:** Solved DSA problems on platforms like Codeforces and LeetCode

POSITIONS OF RESPONSIBILITY

NSS Member — Army Institute of Technology (AIT)

Jul 2023 – May 2025

Social Service & Community Engagement

- Participated actively in the **National Service Scheme (NSS)** during first and second year of engineering.
- Completed a **7-day residential NSS camp at an orphanage**, contributing to community service and social development initiatives.
- Taught basic education and life skills to children and assisted in daily activities during the camp.
- Took part in **cleanliness drives, candle marches, and social awareness programs**.
- Contributed to the organization of national events including **Independence Day (15 August)** and **Republic Day (26 January)** celebrations.
